

Lip Line:

The Fair and Flawless Lip Care line is an easy, three-part system with hydrating natural oils that resurfaces, moisturizes, and plumps the lips. With regular use, lips are fuller, softer, and more defined.

Fair and Flawless Lip Exfoliant is an easy to use scrub that removes dry surface skin and prepares the lips for further treatments. With exfoliating Sugar and Cocoa Butter, Jojoba Oil, and Honey to moisturize, lips are left soft and smooth.

Fair and Flawless Lip Balm is a rich moisturizer packed with hydrating natural ingredients, such as Shea Butter, Olive Oil, Mango Butter and Vitamin E. Use it anytime to maintain soft, smooth lips.

Fair and Flawless Lip Plumper contains Maxi-lip™, a natural peptide ingredient that improves lip contour, fullness, hydration and surface texture by stimulation the production of collagen and hyaluronic acid. Within four weeks, laboratory tests showed that daily use of Maxi-lip™ revealed a 40% increase in lip volume and a 60% improvement in hydration.
